

Winners Speak

Putting people before profit, Contours Plastic & Aesthetic Surgery Centre offers clinical, therapeutic and healthcare solutions for fitness, hair and skin. The plush clinic in the heart of Banjara Hills, spread across 6500 sq ft is headed by Dr. Venkata Ramana, a certified Plastic Surgeon and Cosmetic Surgeon with 16 years of experience. The highly acclaimed surgeon is a member of ISAPS (International Society of Aesthetic Plastic Surgeons).

On receiving the award, Dr. Venkata Ramana said, "Contours has been in the industry of transforming people's lives for over 11 years, and this award brings a lot of satisfaction. I feel a deep sense of pride as it is truly a reward for our hard work and service towards the society. A special thanks to the Optimal Media Solutions Team and the Times Group for rewarding us as recognition such as this adds to our credibility and makes the quality of our services known to the people. We thank our trusted and valuable clients for making this possible."

Contours uses highly advanced technology to offer effective solutions for their clients. The clinic has on board a full time plastic surgeon to offer consultation to patients. Every client is offered a customized treatment plan to suit their individual need. The spacious clinic

offers a sense of privacy and comfort and gives clients a world class experience.

The top of the line clinic is a one stop centre for comprehensive surgical and non-surgical aesthetic procedures. The services offered include nose plastic surgery (Rhinoplasty), advanced methods of lipoplasty, hair transplant, breast aesthetic surgery and laser procedures for skin, hair and tattoo removal apart from many other treatments. The experts at Contours are equipped with state of the art superior surgical technology and equipment to help patients in all their cosmetic and plastic surgery needs.

"It's a trendsetting initiative by Optimal Media Solutions, A Unit of Times Internet Ltd. to conduct such a rigorous and methodical survey of the hospitals and clinics dealing with life style diseases, identify the best and award them. This aids the consumer to identify and get the best possible treatment in the best possible institutes, worthy of their time and money. Optimal Media Solutions, A Unit of Times Internet Ltd. has proven once again, that it has its patrons welfare, as always, at its heart with this initiative. Keep helping people Times Group," says Dr. Ravindranath Reddy, MD, Clinic 2000

For Apollo Hospitals, a patient's health is top priority. The Apollo Group has been one of the pioneers in introducing superior medical technology and knowledge from across the globe into the country, to ensure the best possible medical treatments. Today, Apollo Hospitals, Hyderabad has risen to be at par with the best in the world, in terms of technical expertise, deliverables and outcomes. The Apollo Health City has evolved into a one of a kind institution, which is one of the first health city in Asia and a perfect example of an integrated healthcare system offering solutions across the healthcare space. The hospital has succeeded by having on board the best of doctors with appropriate skill set training and patient management skills, top notch sophisticated equipment and offering the best medical outcomes.

On receiving the prestigious awards, Y. Subhramanyam, CEO, Apollo Hospitals said, "It is indeed our privilege to receive these awards. They serve as great encouragement for treating surgeons and pave the way for them to gain recognition and benchmark themselves in the industry. Further through these rankings, people also come to know about our sincere efforts to do a good job and understand the quality we offer. Accolades like this, increase our resolve to do better and deepen our dedication to

excel and compete in this industry."

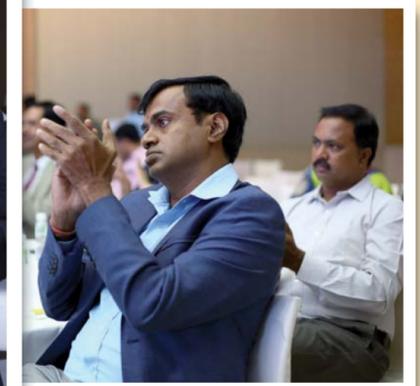

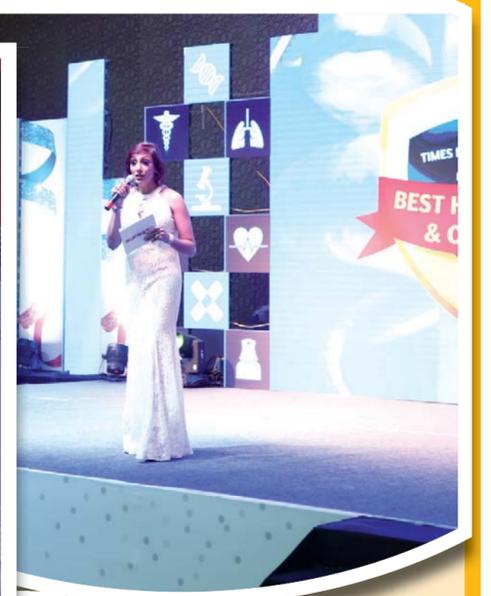

"Our success across the specializations of Bariatrics, Orthopedic, Cosmetic and Plastic Surgery and Skin and Derma medicine is thanks to the number of years of experience of our surgeons, their specialized training across the globe and work done to date. Our institutes revolutionary initiatives in modern medicine have been responsible for bringing us where we are today," he added.

Apollo Health City, Hyderabad covers the entire spectrum from illness to wellness and is thus a health city and not a medical city. The 350 bedded multi-specialty hospital with over 50 specialties and super-specialties, 10 Centers of Excellence, education, research, information technology, all in one sprawling campus creates an environment dedicated to healing. Apart from patient care, the Centers of Excellence spend a significant amount of time in training and research essentially aimed at preventing disease, improving outcomes when disease does occur.

"OMS unit of Times Internet efforts to acknowledge excellence in healthcare delivery is commendable. It was gratifying to witness the elegantly conducted Times Health Lifestyle awards and be voted as the leaders in skin & dermatology and trichology segments. This added feather in Oliva's cap has revved us up. Oliva chain of advanced hair and skin clinics continues to focus on holistic and scientific approach to skin and hair concerns while adding new technologies and expanding the benefits it offers. Gracias, Times group," said Dr. Rajetha Damisetty, MD, Additional medical director, Oliva Skin & Hair Clinic
